

# MIDNIGHT IS FOR MONSTERS

... and *Other Childish Things*. Not to mention *Wild Talents* and *Delta Green*.

Arc Dream Publishing and our friends at the Dragon-Con Science Track are hosting a fiendish triptych of midnight games at DragonCon 2009.

We'll run registered games every night as well as any on-the-spot games people want to play or run, along with spooky midnight movies if you just want to hang out.

And if you can't make one of our midnight games, don't miss the many other registered games of *Monsters and Other Childish Things*, *Wild Talents*, *Delta Green* and *Godlike* we'll be running throughout the weekend.

## Friday at Midnight

## Saturday at Midnight
